July 8, 2016

Dear Community Leader/Elected Official:

In May 2016, the New York State Public Service Commission (Commission) instituted a proceeding to investigate and evaluate options for making additional telephone numbers available in the 518 area code. The area code serves all or part of seventeen counties in eastern upstate New York, including Albany, Clinton, Columbia, Dutchess, Essex, Franklin, Fulton, Greene, Hamilton, Montgomery, Rensselaer, Saratoga, Schenectady, Schoharie, St. Lawrence, Warren and Washington.

The North American Numbering Plan Administrator (NANPA), the entity that administers area codes throughout the United States, has advised that the 518 area code could be out of assignable telephone numbers by the first quarter of 2019. Staff of the Department of Public Service prepared a White Paper examining the potential relief options available.

To ensure full public participation in this proceeding, the Department will conduct a series of informational sessions and public statement hearings to seek input and comments from your community on Staff's White Paper and proposed relief options. At the information session, Staff will provide an overview of the available options and will be available to answer questions. The information session will be immediately followed by a public statement hearing at which all those who wish to comment on the 518 area code relief proceeding and the Staff White Paper will have an opportunity to make a statement on the record, for the Commission to consider in its deliberations.

It is the Department's intention to facilitate and encourage active and meaningful public participation throughout the entire 518 Area Code Relief Proceeding. If you cannot attend one of the hearings, I encourage you and your constituents to comment using one of the methods described in the attached factsheet. Additional information regarding the 518 Area Code Relief Proceeding, including Staff's White Paper, is available on the Department's website at [www.dps.ny.gov](http://www.dps.ny.gov) under Case Number 16-C-0297.

Sincerely,

## Factsheet and Notice of Public Hearing

### 518 Area Code Relief Case 16-C-0297

In May 2016, the New York State Public Service Commission (Commission) instituted a proceeding to investigate and evaluate options for making additional telephone numbers available in the 518 area code. The area code serves all or part of seventeen counties in eastern upstate New York, including: Albany, Clinton, Columbia, Dutchess, Essex, Franklin, Fulton, Greene, Hamilton, Montgomery, Rensselaer, Saint Lawrence, Saratoga, Schenectady, Schoharie, Warren and Washington.

The proceeding commenced when Neustar, the North American Numbering Plan Administrator (the entity designated by the Federal Communications Commission to administer area codes throughout the United States), determined that the 518 area code could run out of assignable telephone numbers by the first quarter of 2019 and filed a petition with the Commission on behalf of the telephone industry. Commission action is necessary to ensure the continued availability of telephone numbers in the area currently served by the 518 area code. The Commission's goal is to develop a plan that provides long-term area code relief while minimizing disruption to consumers and businesses in the area.

#### Public Statement Hearings and Information Sessions

Options for providing additional telephone number resources for the 518 area code region have been identified by Neustar. These options are detailed in a Staff White Paper, issued July 8, 2016, and described below. The DPS is seeking public comment on these proposals. Interested members of the public are invited to attend an information session to learn more about the area code relief proposals. Following each of the information sessions, members of the public may provide their comments regarding this matter at a public statement hearing.

An Administrative Law Judge will preside over the gathering of public comments and all evidence relating to the area code relief. The comments made at the hearings will become part of the formal record in this proceeding and provided to the Commission for consideration. It is not necessary to make an appointment in advance or present written material in order to speak at the hearings.

A list of hearing dates and locations is available at the end of this factsheet.

## SUMMARY OF THE CASE

In the North American Numbering Plan approved by the Federal Communications Commission, each telephone line is assigned a ten-digit number made up of a three-digit area (NPA) code, a three-digit central office (NXX) code and a four-digit station number. The most recent forecasts indicate that the 518 area code could be out of assignable central office codes by the first quarter of 2019. This proceeding has been initiated in order to have timely and effective relief for the 518 NPA in place prior to number exhaust.

### **Proposed Relief Options:**

The petition filed by Neustar identified two options for area code relief:

- **Option 1 - Overlay:** In the overlay option, a new area code is superimposed on the existing 518 region with the result that two different area codes serve the same region. Current customers (wireline or wireless) within the region keep the 518 area code and seven digit number assigned to them while new telecommunication services are assigned the new area code.

Under federal regulations, once an overlay is established, all calls within the existing region will require 10 digit dialing, meaning that the three digit area code plus the seven digit number will always have to be dialed when making a call. For example, anyone calling a number within the new area code, including customers assigned to the new area code, must dial the new area code plus the seven digit number. Similarly, anyone calling a number within the 518 area code, including existing 518 customers, must dial 518 plus the seven digit number.

- **Option 2 - Geographic split:** In the geographic split option, the existing 518 area code would be divided into two geographic sections. In one section, current and new customers would continue to use telephone numbers with the existing 518 area code. In the other section, all customers, including customers who were previously using the 518 area code, would be assigned to and required to use a new area code. However, these customers would retain their current seven digit number – only the area code would change. With a geographic split, customers would not be required to use 10-digit dialing when making calls within their area code.

If a geographic split is made, the boundary between these two sections would follow the boundaries between existing telephone “rate centers.” For this reason, these boundaries may not conform to existing municipal boundaries or physical landmarks. In the geographic split proposal for the 518 area code, the dividing line between the two sections would generally run southwest to northeast. One side of the boundary (Area A) would include the cities of Albany, Troy, Catskill and Hudson and the other side (Area B) would include the cities of Schenectady, Gloversville, Saratoga Springs, Glens Falls, Lake Placid and Plattsburgh.

### **Staff’s White Paper:**

Staff’s White Paper examined both of the proposed relief options and concurs, pending public comment, with Neustar’s recommendation that the Commission adopt the overlay option. The White Paper, including maps that show the two options, may be viewed online at DPS’s [www.dps.ny.gov](http://www.dps.ny.gov) website. From the homepage, click on “Search,” and enter the case number (16-C-0297) in the “Search by Case Number” field.

There are also several other ways to participate in the 518 Area Code Relief Proceeding, including:

- **Request Party Status:** Some individuals or groups participate in proceedings by becoming a party in the case. Generally, parties commit to contribute to the development of a complete record in a proceeding by conducting discovery, submitting testimony, briefs, or other formal written comments, and/or participating in evidentiary hearings, procedural conferences and other formal events conducted in the case. Interested groups or individuals can submit a request for party status online through the Commission's [www.dps.ny.gov](http://www.dps.ny.gov) website by searching for Case 16-C-0297 and clicking the "Request for Party Status" link at the top of the page. Alternatively, a request form can be downloaded from the website or obtained by calling 518-474-4520. The requestor will be provisionally given party status, subject to the right of other parties to object and subject to the determination of the Judge.
- **Join the Service List:** Interested persons who wish to monitor the proceedings of a particular case can do so without the formal commitment to become a party to the proceeding. The persons who subscribe to the service list of a case will receive an e-mail with a direct link to the documents issued by the Commission, such as orders, notices, and rulings. Persons unable or unwilling to receive such electronic notification will receive hard copies of Commission-issued documents by regular mail.

To register online, click on the "Subscribe to Service List" link at the top of the dedicated page for Case 16-C-0297. A "Service List and Mail Service List Request Form" can be downloaded from the site and the completed form sent by e-mail to Hon. Kathleen H. Burgess, Secretary at [secretary@dps.ny.gov](mailto:secretary@dps.ny.gov) or by mail to: Secretary, Public Service Commission, Three Empire State Plaza, Albany, NY 12223-1350.

- **Provide Comments:** There are opportunities to attend public outreach events to learn about the proposals and provide comments. All comments can be submitted at the public statement hearings held during July and August 2016 or through the methods below:
  - **Via the Department's Website:** Comments may also be entered directly into the case by locating the case via the home page of the Commission's website, [www.dps.ny.gov](http://www.dps.ny.gov), by clicking on "Search," and entering the associated case number (noted above) in the "Search by Case Number" field. After clicking to open the case, enter comments in the "Post Comments" section located at the top of the page.
  - **Via Mail/E-Mail:** Submit comments electronically to Kathleen H. Burgess, Secretary, at [secretary@dps.ny.gov](mailto:secretary@dps.ny.gov) or by mail or delivery to Secretary Burgess at the Department of Public Service, Three Empire State Plaza, Albany, New York 12223-1350. Comments delivered in these manners should reference "518 Area Code Relief" (16-C-0297).
  - **Via Toll-Free Opinion Line:** Individuals may choose to submit comments by calling the Commission's toll-free Opinion Line at 1-800-335-2120. This line is set up to receive in-state calls 24-hours a day. Callers should press "1" to leave comments about "518 Area Code Relief" (16-C-0297)." Comments received via the Opinion Line are not transcribed, but a summary is provided to the Commission for their consideration.

Comments submitted via these alternative means will be accepted at any point while this proceeding is pending, but are requested by August 19, 2016 to ensure full consideration. All comments will become part of the record considered by the Commission.

**Built to Lead**

Dear Michael,

As the Legislative Session came to a close last week, we reached an agreement with the Senate and the Assembly to pass legislation on a number of issues that will improve the lives of millions of New Yorkers.

From increasing funding for our public colleges, to boosting access to breast cancer screening and treatment, the agreement addresses critical needs that will have a meaningful impact in every corner of the state. The comprehensive legislative package will:

- Fight the heroin epidemic with aggressive efforts to treat and prevent addiction
- Increase access to breast cancer screening and treatment
- Require first-in-the-nation mandatory lead testing in schools
- Combat the blight of vacant bank-owned properties, or “zombie homes”
- Make available more than \$570 million to address affordable housing and homelessness
- Bring more transparency, trust, and faith in state government with a 5-point ethics reform plan
- Provide \$50 million in additional capital funding for SUNY and CUNY

The legislation adds to a number of major accomplishments we’ve already achieved this year: enacting a \$15 minimum wage, instituting the nation’s most robust paid family leave policy, and cutting middle class tax rates to the lowest level in 70 years.

[View our 2016 End of Session Report to learn more about these achievements.](#)

Despite perpetual gridlock in Washington, we have proved once again that by working together in a bipartisan manner, government can be a vehicle for action and change. The results of this Legislative Session are further proof that New York is built to lead.

Thank you for making your voice heard and for helping to ensure a better and brighter state for all New Yorkers.

Sincerely,

Governor Andrew M. Cuomo

## Legislative Update

June 30, 2016

*The 2016 State Legislative Session came to a close on June 18 with a total of 618 bills approved by both the Senate and Assembly. The following summary includes those bills of importance to cities and villages that passed both houses, as well as some that did not. Please keep in mind that there is still time to weigh-in on those bills that passed both houses and have not yet been acted upon by the Governor. Letters of support or opposition on a particular bill should be sent to the Governor's Counsel Alphonso David via fax (518-486-9652) or email ([legislative.secretary@exec.ny.gov](mailto:legislative.secretary@exec.ny.gov)). NYCOM will provide you with a more comprehensive summary of all bills of importance that passed both houses in our 2016 Summary of Legislation.*

### ENACTED

#### **Zombie Properties – A. 10741 (Farrell) / S. 8159 (Flanagan) – NYCOM Supported**

Imposes a responsibility on banks, lenders, and mortgagees to maintain properties that are mortgage delinquent and which have been abandoned by the owners. In addition, establishes a statewide registry to which lenders, assignees and mortgage service providers are required to submit information regarding any vacant and abandoned mortgage delinquent property. The New York State Department of Financial Services will maintain the registry, and local governments officials will be able to contact the Department of Financial Services to obtain information about vacant and abandoned properties within their jurisdictions. Also establishes an expedited foreclosure process that allows lenders, assignees and mortgage service providers to access a truncated foreclosure process for vacant and abandoned properties. Although the legislation preempts local governments from imposing property maintenance obligations on pre-foreclosure mortgagees that are subject to this legislation and from requiring such mortgagees to register with the local government, it does not preempt local governments from imposing and enforcing property maintenance laws against property owners, including banks that own properties. Moreover, this legislation does not preempt local governments from establishing vacant property registries that require property owners, including banks that own properties, to register those properties with the municipality when the property becomes vacant. (A comprehensive outline and summary of this law will be distributed separately.)

**(Chapter 73, effective December 20, 2016)**

#### **Military Service Credit Law Expansion – A. 9531 (Paulin) / S. 7160 (Larkin) – NYCOM Opposed**

Allows all military personnel, irrespective of whether or not they served during active wartime, the option to buy up to three years of service credit in the state's public retirement systems for the time they served in the military. The law includes an appropriation of \$24.8 million which is intended to cover the first year's costs, although we believe the cost will exceed that amount.

**(Chapter 41, effective May 31, 2016)**

## **BILLS THAT PASSED BOTH HOUSES**

### **MTA Local Zoning Exemption Repealer – A. 10421 (Brennan) / S. 8037 (Martins) – *NYCOM Supports***

Would repeal language included in the adopted State Budget that would permit the MTA to undertake or facilitate a wider range of development on MTA-owned property without regard to local zoning laws.

**STATUS: Awaiting Delivery to the Governor**

### **Optional Twenty-Year Retirement Plan – A. 9702 (Abbate) / S. 7023 (Young) – *NYCOM Opposes***

Would amend the Retirement and Social Security Law by adding a new Article 26 to grant police officers and professional firefighters the opportunity to participate in a non-contributory twenty-year retirement if their employer elects to do so.

**STATUS: Awaiting Delivery to the Governor**

### **Paid Leave for Cancer Screening – A. 409-B (Dinowitz) / S. 8107 (Hannon) – *NYCOM Opposes***

Would amend the Civil Service Law to grant any municipal employee up to four hours of paid leave for cancer screening on an annual basis. The employee would not be required to charge the leave against any other available and existing accrued leave.

**STATUS: Awaiting Delivery to the Governor**

### **Filing Deadline for Accidental Disability Benefits – A. 7146-A (Abbate) / S. 5012-A (Golden) – *NYCOM Opposes***

Would extend the deadline, from 2 years to 5 years, for firefighters in the NYS and Local Police and Fire Retirement System to file an application for disability benefits due to certain cancers.

**STATUS: Awaiting Delivery to the Governor**

### **Health Insurance Contract Change Notice – A. 639-A (Abinanti) / S. 2448-A (Farley) – *NYCOM Opposes***

Would mandate the time and manner in which a municipality must notify their retired officers, employees and their families of health benefit contract changes. Specifically, this legislation would require municipalities to give retirees and their families a minimum of 90 days notice of any proposed health insurance plan changes prior to the governing board or public corporation authorizing or approving a health insurance contract or contract change. For unionized retired officers or employees, notice would be required at the time such change is binding.

**STATUS: Awaiting Delivery to the Governor**

### **Mandatory Police Retirement Age – A. 9851 (Abbate) / S. 7387 (Hannon) – *NYCOM Opposes***

Would raise the mandatory retirement age, from 62 to 65, for certain members of the New York State and Police and Fire Retirement System who are covered under provisions of Section 384 of the Retirement and Social Security Law.

**STATUS: Awaiting Delivery to the Governor**

**Out-of-State Volunteer Firefighters – A. 1020-B (Gunther) / S. 6609-A (Ritchie) – *No Position***

Would permit volunteer firefighters from other states to provide assistance to fire departments, companies, and districts in this state. The department, company or district would have to be authorized by its governing body to accept such services.

**STATUS: Awaiting Delivery to the Governor**

**VFBL & VAWBL Benefit Increase – A. 5133-C (Morelle) / S. 1000-D (Funke) – *NYCOM Opposes***

Would increase the benefits afforded to volunteer firefighters who sustain a total permanent disability. Although the sponsor's memorandum fails to mention this, NYCOM believes that the insurance premiums would increase as a result of this legislation.

**STATUS: Awaiting Delivery to the Governor**

**NYSHIP Health Insurance Buyout Amendment – A. 9715 (Abbate) / S. 7120 (Golden) – *NYCOM Supports***

Would facilitate the administration of collectively bargained health insurance buyout programs sponsored by participating agencies or participating employers in NYSHIP. Specifically, this bill would overrule the Department of Civil Service's policy that prohibits universal employers from being able to collectively bargain health insurance buyout programs under certain circumstances.

**STATUS: Awaiting Delivery to the Governor**

**Establishing Police & Fire Retirement Options – A. 10369-A (Abbate) / S. 7174-B (Golden) – *No Position***

Would amend the Retirement and Social Security Law to allow certain members the ability to establish Tier 5 benefits. Specifically, newly hired police officers and firefighters who initially enrolled in the NYS Retirement System between July 1, 2009 and January 1, 2010, would have the ability to opt into Tier 5.

**STATUS: Awaiting Delivery to the Governor**

**Exemption for Land Banks from Special Ad Valorem Levies and Special Assessments – A. 10375 (Magnarelli) / S. 7880 (Valesky) – *NYCOM Supports***

Would exempt properties held by a land bank from ad valorem levies and special assessments. Currently, land bank properties are exempt from real property taxes, but they are not exempt from special ad valorem levies and special assessments. These special assessments can cost land banks with large inventories of properties hundreds of thousands of dollars per year. Exempting land banks from these levies and assessments would allow them to devote more resources to their core mission of rehabilitating properties and neighborhoods.

**STATUS: Awaiting Delivery to the Governor**

**Authorization for Land Banks to Form Subsidiaries – A. 7529-B (Magnarelli) / S. 7589-B (Valesky) – *NYCOM Supports***

Would amend Not-For-Profit Corporation Law § 1607 to allow land banks to form subsidiaries to hold title to real property in order to protect the land bank from potential liability. Land bank subsidiaries would have to make all reports required of local public authorities, but would not be able to issue bonds, notes or other debt, except to their parent land bank.

**STATUS: Awaiting Delivery to the Governor**

**Private Activity Bond Cap – A. 10255 (Magnarelli) / S. 7637 (Little) – *NYCOM Supports***

Would ensure the continuation of an orderly and efficient tax-exempt, private activity bond allocation process for State and local issuers by extending such process for an additional two years to July 1, 2017. In addition, the legislation would require more transparency about how much volume cap is recaptured or carried forward.

**STATUS: Delivered to Governor June 27, 2016**

**Inspections for Parking Structures – A. 9614-A (Lupardo) / S. 7669 (O'Mara) – *No Position***

Would provide a period of probable usefulness (PPU) of five years for intangible assets classified as capital assets under generally accepted accounting principles and determined to have a useful life of at least five years by an appropriate engineering or other professional. This would cover items such as computer software, software licenses and patents.

**STATUS: Awaiting Delivery to the Governor**

**Window Tinting and State Vehicle Inspections – A. 4106 (DenDekker) / S. 6034-A (DeFrancisco) – *NYCOM Supports***

**STATUS: Awaiting Delivery to the Governor**

Village of Tupper Lake Mayor and Trustees  
53 Park Street  
Tupper Lake, NY 12986

Dear Mayor Maroun and Trustees:

The Tupper Lake Board of Assessment Review (BAR) would like to inform the Village of Tupper Lake Mayor and Trustees about a village property owner who filed a grievance of their assessment.

The property owner of parcel ID #491.45-1-2, in our opinion, presented sufficient evidence that warranted our determination to significantly reduce the assessed value on the parcel. The property owner felt the value of his property is negatively impacted due to the unsanitary, dilapidated dwelling and accessory structures, as well as, the unmaintained, rubbished filled exterior property.

This assessment reduction certainly could have been avoided had the neighboring property been held responsible by the authority having jurisdiction to be in compliance with the Property Maintenance Code of New York State.

The BAR understands the important responsibility we have regarding the effects of any reduction of a property's assessment; all other properties shall make up the difference to cover the tax levy.

Respectfully,

George Harriman, Chairman  
Tupper Lake Board of Assessment Review

Dear Permittee,

The New York State Department of Environmental Conservation (DEC) has recently promulgated new regulations for the Sewage Pollution Right to Know (SPRTK) Law. These regulations at 6 NYCRR Part 750 require Publicly Owned Treatment Works (POTWs) and Publicly Owned Sewer Systems (POSSs) with combined sewer overflow (CSO) outfalls to report discharges of wet weather CSOs into receiving waterbodies. Specifically, it requires within two and four hours of discovery of a discharge of raw or partially treated sewage that notification be made to DEC, DOH, any adjoining municipalities, and the general public. CSO discharges may contain pollutants harmful to humans, and potentially negatively impact the quality of the receiving waterbody. Many waterbodies that are affected by CSO discharges are heavily used for public recreation in a variety of forms. The public may swim, fish, kayak, boat, or simply view waterbodies that can be impacted by CSO discharges. The new regulations state that notifications may be done on a waterbody basis using existing systems and models to provide information. The provided notification informs members of the public when waterbodies they use for recreation may be affected. DEC is requiring CSO permittees use the NY-Alert notification system to provide these notifications to the public. To learn more about the Sewage Pollution Right to Know Law, Regulations and notification requirements please visit DEC's website <http://www.dec.ny.gov/chemical/90315.html>.

To assist CSO communities with reporting to comply with the SPRTK law, a new grant has been announced. This grant, titled the Sewage Pollution Right to Know grant, can provide funding to CSO communities for various detection or reporting technologies. Funding is available for four technologies: CSO detection, advanced flow monitoring, remote communications, and public website/notification. Each CSO community may be awarded up to \$50,000 in funding for any of the eligible technologies. Installing these types of technologies can help CSO communities provide better information to both DEC and the public when CSOs discharge.

Re: Village of Tupper Lake, PWS ID Number NY 1600012 USEPA Administrative Order Docket No. SDWA-02-2016-8023

Dear Chief Kraft,

On behalf of the Village of Tupper Lake, this letter serves as the first progress report submitted pursuant to requirements of Paragraph III.8 of the above-named USEPA Administrative Order ("Order") for the Village of Tupper Lake, Franklin County, New York.

- The Village has fully complied with the milestone date set forth in Paragraph III.1: *"By June 3, 2016, Respondents must submit engineering plans and specifications for improvements to the water treatment plant consistent with the CAP to NYSDOH for review and approval."*

As Engineer of Record, we submitted final design plans and specifications to the New York State Department of Health on Friday, June 3, 2016 for review and comment. Review packages were sent to Public Health Engineers Stephen Marshall, P.E. in the Albany State office and Susan Kennedy, P.E. in the Saranac Lake District office.

Consistent with an approved written response to Preliminary Engineering Report review comments from NYSDOH Engineer Steve Marshall, the project includes abandonment of the Tupper Lake surface-water intake and filtration plant in favor of a new groundwater well supply. The approach is fully supported by the NYSDOH in order to maximize ability to meet NYS Surface Water Treatment and Disinfection By-Product Rules.

A preliminary review meeting was held with Susan Kennedy, P.E. at the Tupper Lake Village Hall on Thursday, June 23, 2016. After discussion and response to her comments, Ms. Kennedy expressed general approval of the design intent, the submitted plans and specifications, and questions as answered. She indicated her intent to forward her comments, questions and responses to Mr. Marshall for his use and consideration in providing formal, written agency response to the submittal. The final response is forthcoming as of the date of this letter.

- The Village is not yet able, but fully intends, to comply with the milestone date set forth in Paragraph III.2: *"Within 45 days of receiving NYSDOH approval of the engineering plans and specifications, submit to EPA a timetable for construction of the water treatment plant improvements."*

Once initial review comments are received, we expect to discuss the comments with Village staff, discuss resolution with NYSDOH, and issue formal, written response to the NYSDOH. Once all review comments are addressed to the satisfaction of NYSDOH, revisions to the plans and specifications will be made accordingly with a revised final design package submitted for final, written NYSDOH approval. Within the stipulated 45-day period of receiving such approval, we will supply EPA the anticipated construction timetable intended to be placed in the bid documents.

- The Village cannot yet confirm full compliance with the milestone date set forth in Paragraph III.3: *"By September 1, 2017, complete construction for plant improvements in accordance with approved plans and specifications and Respondents must submit the application for completed works approval to NYSDOH and initiate start-up and testing in order to demonstrate compliance with the TTHM and HAA5."*

Bidding and construction start dates will be finalized within the pending construction timetable to be submitted as noted above. Our full intent is to meet the stated date, yet is somewhat dependent on the timeframe to receive NYSDOH approval, and other related proceedings:

- The groundwater well supply is to be located within an easement on property owned by Lyme Adirondack Timberlands I LLC. The easement has been successfully negotiated and approved for execution by both parties. Preliminary groundwater testing suggests the required yield and water quality are likely to be met by development of two wells, though a third well may be necessary. The need for a third well will require an administrative amendment to the easement. Considering compliance requirements associated with the Order, both parties have been made fully aware of the possible need for an amendment, and are prepared to act accordingly. We do not envision this to cause a delay in ultimate compliance.
- Groundwater well development will proceed once the NYS Environmental Facilities Corporation has approved the Village contract with well driller HydroSource Associates, Inc. for compliance with financing requirements. The well driller has provided a preliminary schedule indicating as much as nine to ten months could be required before final yield and water quality test results are available for NYSDOH and NYSDEC approval to connect and start-up the system. This concern will be addressed and reported in the construction timetable to be provided in compliance with Paragraph III.2.

I fully expect more definitive compliance with requirements of the Order can be reported prior to the next Progress Report required no later than October 15, 2016. Thus, I pledge our commitment to keep NYSDOH informed of our progress and provide you an interim report when able.

In conclusion, I certify, under penalty of law, that the information contained in or accompanying this submission is true, accurate and complete based upon representations as to accuracy and completeness made to me either orally or through submission of documentation by appropriate personnel with responsibility for the matter contained herein.

Sincerely,  
C2AE

Dear Participating Member of the Self-Insurance Plan,

The Franklin County Local Law regarding the Workers' Compensation Self-Insurance Plan has been revised recently by the County's Legislative Board. One of the revisions is in Section 2.G.8. "Every employee in a designated position shall be required to have a medical examination every five (5) years, a copy of which shall be filed with the Administrator." The past 2.G.8. included the terminology "at the expense of the municipality". The municipality may still opt to pay for the employee's continued employment physical but it is not required. Note that the Plan continues to contribute \$55 toward pre-employment physicals.

May I suggest that you provide an employee nearing a five-year employment anniversary date (5, 10, 15, etc.), with a copy of the continued employment physical form prior to the start of the year divisible by 5? This will ensure the employee has the form and a copy of the respective job description when attending an annual physical appointment with his/her physician. Here are links to the [revised Local Law](#) and the [Continued Employment Physical form](#). Our website's link to the job descriptions is currently not working. Should you need a job description during this down time, please contact Connie Jeror via phone (481-1678) or email (cjeror@co.franklin.ny.us) and one can be emailed or faxed.

The second revision in the law to note references the Workers' Compensation Law NYCRR § 300.22 wherein the First Report of Injury (FROI) must occur on or before the 18<sup>th</sup> day after the disability event or within 10 days after the employer has knowledge of the disability event, whichever period is greater ("18/10 Rule"). Penalties may be incurred if the 18/10 Rule is not followed.

Finally, please advise if the email address used for this mailing is the appropriate one for future updates or notices regarding the Self-Insurance (worker's compensation) plan, or feel free to provide additional email

addresses as needed. Connie will continue to work with the respective contacts that she has on file for the required payroll information.

Please feel free to contact Connie Jeror or me with any questions.

Best regards,

**Kim Godreau**
